SUMMARY

.NET Developer proficient in building applications using C#, ASP.NET, and .NET Core. Skilled in database management, software testing, and debugging. A strong team player who thrives in agile environments and delivers high-quality solutions on time. Passionate about staying updated with industry trends and adopting best practices.

SKILLS

- **Languages & Frameworks:** C#, ASP.NET, .NET Core, Entity Framework

  HTML, CSS, Jquery, Bootstrap

- **Database Management:** SQL Server, MySQL

- **API Development & Design Patterns:** RESTful APIs, Web API, MVC Repository Pattern , CQRS

- **Development Tools:** Visual Studio, Git

- **Agile & DevOps:** Load Balancing, API Gateway

- **Soft Skills:** Problem-solving, teamwork, communication, time management

EXPERIENCE

Ways and Means Technology (March 2025 - Present)

- Skilled in all stages of the Software Development Life Cycle (SDLC) for Windows and web applications on the Microsoft platform.
- Experienced in developing and maintaining web applications using C#, .NET, and SQL, focusing on building new systems and enhancing existing ones.

ARV Softwares (April 2024 - January 2025)

- Designed, developed, and maintained web applications with C#, .NET, and SQL Server, focusing on building new systems as well as upgrading existing ones.

PROJECTS

Expression App

- Developed a .NET Core Web API using microservices with CQRS and Clean Architecture.
- Built an AI-powered children's learning app that delivers interactive stories, evaluates answers, and auto-generates performance reports via WhatsApp.

Store Management System

- Developed a web-based system to manage inventory, sales, purchases, and billing operations
- Implemented role-based access for admin and staff using MVC.NET Core
- Integrated real-time stock tracking, invoice generation, and reporting features using SQL Server
- Built a notification system to alert low stock, pending payments, and order status updates

HomingZone

- Online PG, room,Shop, and flat booking platform using MVC .NET Core
- Built secure user and admin portals with Google login and JWT authentication
- Enabled property listing, smart search, and booking features for users
- Designed using MVC .NET Core with SQL Server for data management

EDUCATION

- **Kotinatman Secondary School** (*2020*) - SECONDARY EDUCATION
- **Sanskriti Senior Secondary School** (*2022*) - HIGH SCHOOL
- **MDSU University Ajmer** (*2026*) – B.C.A

LANGUAGES & HOBBIES

- **Languages**: English, Hindi
- **Hobbies**: Cooking, Travelling,
